

Business Forum Overview

Focuses on the themes of reconnecting with learning, knowledge sharing and being inspired to fulfill education, professional and business potential. This global education and business forum presents attendees opportunities to learn about the pathways and successes that alumni have achieved, to gain insights into Cambodia's position in the world, and provides a platform for high-level discussions and interactive panel sessions with alumni leaders in government, business and civil society. The Happy Hour & Networking Cocktail Reception allows conversations to continue in a more relaxed atmosphere and for delegates to meet up and share experiences.

International speakers & panelists join Cambodian experts to discuss:

- The Future of Agribusiness
- Business Communication in the Digital Age
- Domestic v international Business: Profit and Pitfalls
- Attraction and Retention: Is there more to life than money?
- Innovation-Driven Leadership
- Cambodia's Rising Stars
- Trendsetters: The race for emerging consumer markets
- Why is CSR good for business?
- Rise of creative industries
- Rise of intra-regional travel
- Cambodia Property: Boom or Bust?
- Labor Mobility: Blessing or Curse?

Please Note:
Panel topics may be subject to change pending confirmation of speakers & panelists.

Alumni Reunion Overview

Showcases the benefits of world class education systems and the opportunities they provide with alumni and key local and international stakeholders. The gala dinner event will celebrate education opportunities and achievements with attendees including graduates from all around the globe, representatives from local and international institutions, high-ranking officials from ministries and embassies, directors, CEOs and senior executives from business and civil society and senior IDP Education staff.

Career Expo Overview

Hosts education representatives from Australia, Canada, New Zealand, the United States, the United Kingdom and the Asian region as well as local & international companies, recruitment agencies and international governments to attract parents and students from all levels of study from high school to PhD. Students will be seeking guidance on and counselling from education and company representatives on destination and institution strengths, course options and the career paths open to them. Education and employer booths, presentations and sector-specific panel discussions allow for a high level of personal interaction to present students and parents with the best options and choices for them.
